A New Partner for the Kingdom's Growth

Ravexon Establishment is a newly established Saudi contracting company. We were founded to give project owners, main contractors and industrial operators a responsive and reliable partner for construction, contracting, manpower and material supply.

Our six service lines — general contracting, construction works, project execution, manpower supply, material supplies and MEP & maintenance — can be contracted individually or combined into one integrated package, with a single point of accountability.

We bring fresh energy and a modern, safety-first approach, backed by a team that knows Saudi site standards and client requirements.

Our promise is simple: plan properly, communicate clearly, work safely, and deliver what we commit to — on time and at fair value.

Safety First
A zero-harm culture on every site.

One Integrated Partner
Works, people and materials under one contract.

Skilled Workforce
Trained trades, technicians and supervisors.

Vision, Mission & Values

Our Vision

To be a trusted name in contracting, manpower and material supply across Saudi Arabia, contributing to the industrial and urban growth of Vision 2030.

Our Mission

To deliver safe, high-quality works, skilled people and dependable supplies — on time, at fair value, with honest communication at every step.

Core Values

Safety
Every task planned and performed without harm.

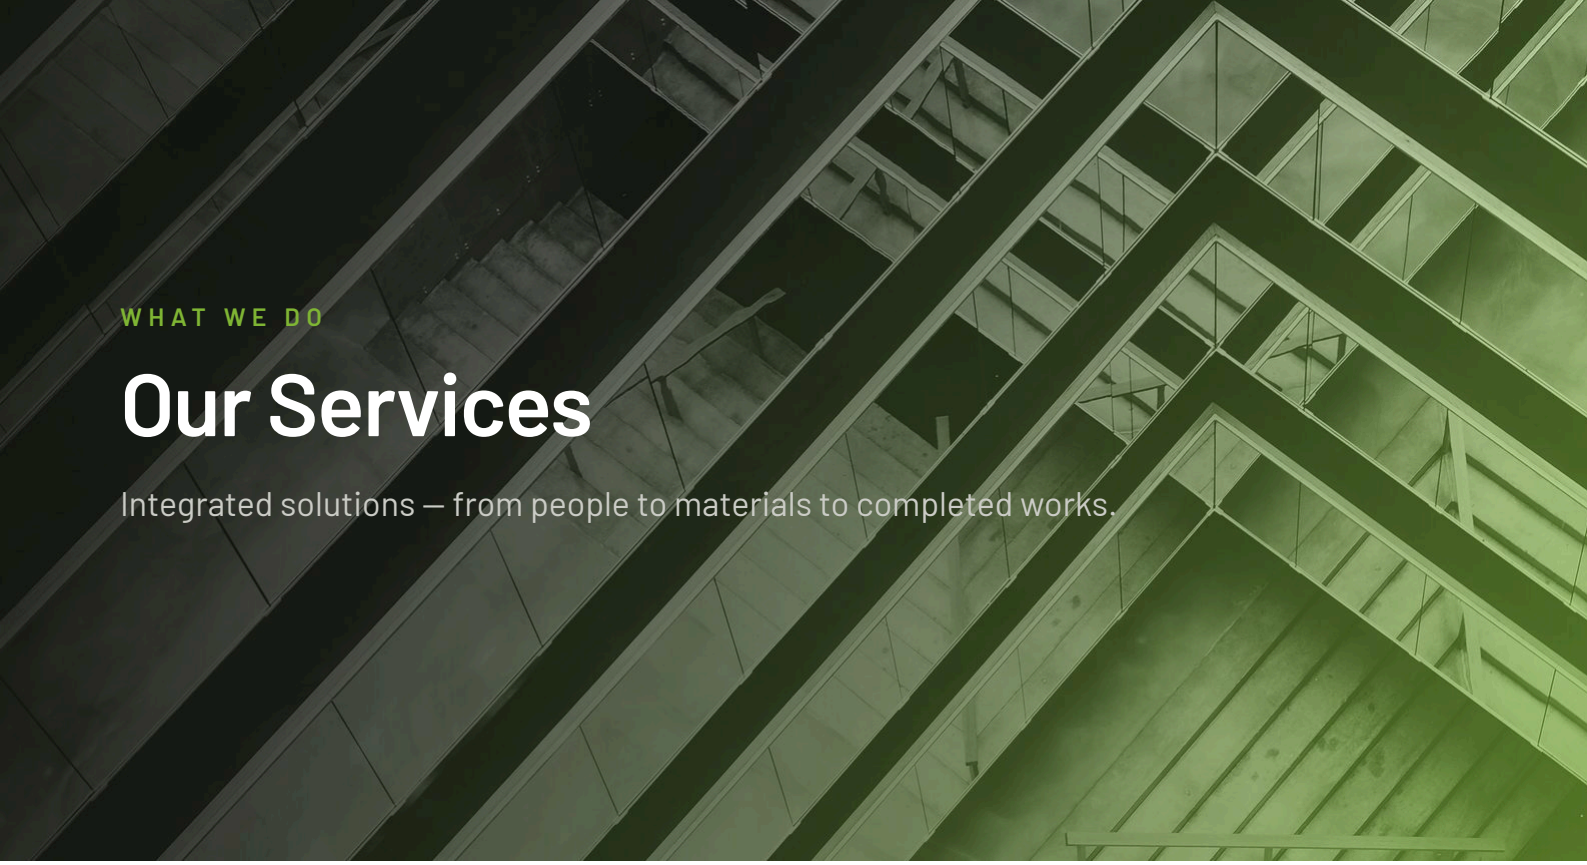

Quality
Work done right the first time.

Integrity
Honest pricing and clear communication.

Reliability
Commitments kept, schedules respected.

People
A trained, respected and well-equipped team.

Responsibility
Care for communities and the environment.

WHAT WE DO

Our Services

Integrated solutions — from people to materials to completed works.

Each service can be contracted on its own or combined into a single integrated package — one contract, one coordinated team and one point of accountability for the life of the project.

General Contracting

Building and industrial works as main or specialist sub-contractor.

Construction Works

Concrete, steel, earthworks, roads and utilities.

Project Execution

Planning, supervision and delivery to schedule.

Manpower Supply

Skilled trades, technicians and supervisors.

Material Supplies

Construction, industrial and MEP materials.

MEP & Maintenance

Electrical, HVAC, plumbing and upkeep.

General Contracting

Delivery of building and industrial works as main contractor or specialist sub-contractor, with full coordination of every trade on site.

- Civil & structural works
- Fit-out & finishing works
- Turnkey building packages
- Coordination of all trades

Construction Works

Skilled crews and experienced supervision for new builds, extensions, renovation and site development.

- Concrete, masonry & steel
- Earthworks & site preparation
- Roads, paving & utilities
- Renovation & extensions

Project Execution

Planning, coordination and delivery that keep scope, schedule and cost under control from start to handover.

- Planning & scheduling
- Site supervision & reporting
- Shutdown & turnaround support
- Handover & documentation

Manpower Supply

A qualified workforce on short or long-term contracts, mobilised to your site and your schedule.

- Skilled & semi-skilled trades
- Technicians & supervisors
- Shutdown & peak-load crews
- Transport & accommodation support

Material Supplies

Procurement and delivery of construction, industrial and MEP materials from approved, reliable vendors.

- Building & civil materials
- Pipes, valves & fittings
- Electrical & MEP materials
- Safety equipment & PPE

MEP & Maintenance

Mechanical, electrical and plumbing installation, plus planned and corrective maintenance for facilities and plants.

- Electrical installation & lighting
- HVAC & plumbing works
- Planned preventive maintenance
- Facility support services

Sectors We Serve

From industrial cities and process plants to commercial and public developments across the Kingdom.

Oil, Gas & Petrochemical

Plant support, shutdown manpower and maintenance works for process facilities.

Industrial Facilities

Factories, warehouses and process buildings in industrial cities.

Infrastructure

Roads, utilities, drainage and site development.

Commercial & Residential

Offices, retail, housing compounds and fit-out.

Government & Public

Public buildings, municipal and community works.

PROCESS

From Enquiry to Handover

A clear, disciplined process so our clients always know what happens next.

Consult

We listen to your scope, site conditions and timeline, and visit site where needed.

Plan

We prepare the method, resources, schedule and a clear, itemised quotation.

Mobilise

People, materials and equipment are organised and brought to site.

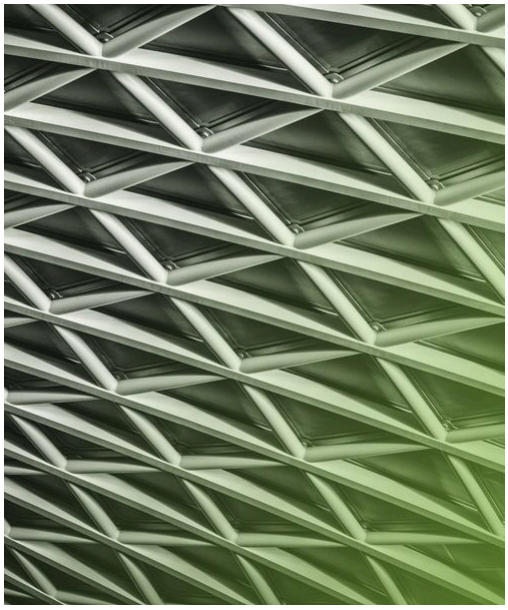

Execute

Safe, supervised work with daily coordination and regular progress reports.

Handover

Inspection, documentation and client sign-off — then ongoing support.

HSE & QUALITY

Safe Sites. Quality Work.

Safety is the first item on every Ravexon job. Our crews follow client requirements and Saudi regulations, and every supervisor makes sure each task is planned, controlled and completed without harm — then checked before it is handed over.

Trained Workforce
Inductions, trade certification and toolbox talks.

Permit to Work
Controlled, documented and supervised activities.

PPE & Equipment
Correct protective equipment, issued and inspected.

QA / QC Inspection
Inspection and test plans at every stage.

Environment
Responsible waste handling and housekeeping.

Approved Materials
Approved vendors and full traceability.

SAUDI VISION 2030

Building the Kingdom's Future, Together

Saudi Vision 2030 is transforming the Kingdom's economy, cities and industries. Ravexon was founded to play its part — supplying skilled people, quality materials and reliable construction to the projects shaping that future.

A Thriving Economy

Supporting industrial growth and economic diversification with dependable contracting and supply services.

A Vibrant Society

Contributing to the homes, public buildings and communities where people live and work.

An Ambitious Nation

Developing local talent, safe workplaces and responsible, efficient project delivery.

Why Choose Us

We earn trust the only way that lasts — by showing up, communicating clearly and delivering what we promise.

Fast, Flexible Response

A lean, hands-on team that moves quickly when your project needs it.

Everything Under One Roof

Works, people and materials from a single contract and a single team.

Safety & Quality Built In

Clear procedures, trained crews and inspection before every handover.

Fair, Transparent Pricing

Detailed quotations with no surprises along the way.

Direct Line to Management

Decisions made quickly by the people accountable for your project.

Committed to Our Clients

As a new company, every project is our reputation — and we treat it that way.

RAVEXON

Let's Build Together.

Tell us about your project, manpower requirement or material list — we'll respond with a proposal.
